

TESTING AND ADMISSION REQUIREMENTS

The Children's Dyslexia Center Inc. of Madison Area helps children with dyslexia discover the world of reading. We provide, without cost to their families, state-of-the-art, multisensory reading and written-language intervention.

Children are considered for admission when the following information is completed and received:

1. An application found at CDC-Madison.org or through email at madison@cdcinc.org
2. A copy of your child's complete neuropsychological evaluation or equivalent testing (completed within the last three years). The evaluation should include assessment of:
 - Cognitive ability (IQ testing)
 - verbal and perceptual reasoning required
 - Working memory and perceptual reasoning is recommended
 - Reading
 - real words and passage comprehension required
 - Word attack is recommended
 - Spelling
3. Copies of your child's medical and/or diagnostic evaluations relevant to their learning.

Send information to:

Children's Dyslexia Center Inc. of Madison Area
301 Wisconsin Ave.
Madison, WI 53704

or scan and email to madison@cdcinc.org . Call us with any questions at 608-252-4922.

After assessments are reviewed, parents are notified whether our program is a good match with the child's needs or if more information is necessary. Once accepted, your child is put on our waiting list. The date of application determines the wait order.

In our program, your child receives two 50-55 minute tutoring sessions weekly (either Monday/Wednesday or Tuesday/Thursday) after school throughout the calendar year - which includes a 6 week summer session. Students attend our Center for an average of 2 years to reach their full potential.
